Design Asia Group (Pvt) Ltd.
The Interior Construction Company

Profile

Our Vision

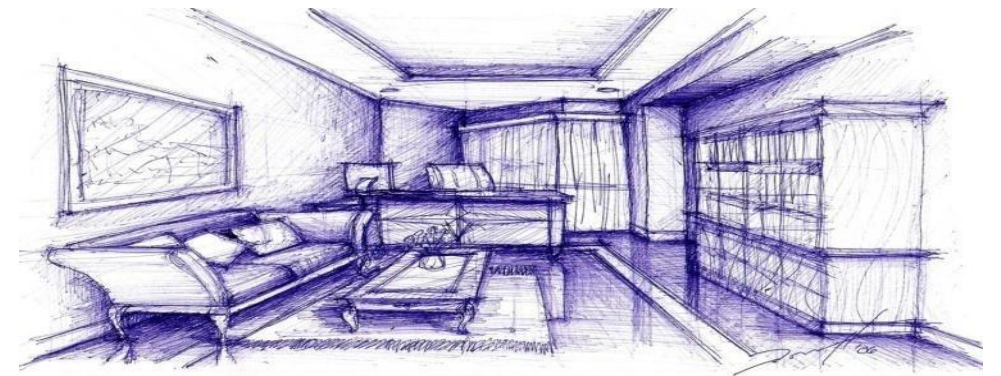

To be the most favored interior construction company in Sri Lanka.

Our Mission

To provide our customers the best interior solutions according to their taste & make their working & living environments a pleasurable experience.

We are a leading group of companies specializing in providing fully customized and personalized Interior and Exterior products and services to Corporate, Private and individual clients. Our in-house workshop is equipped with the latest equipment, and clients have the opportunity to get all their interior solutions taken care of, from concept to completion.

The Design Asia Group was established in 2005 with the aim of providing exquisite, international, high quality standard exterior decorations, and interior furniture fittings to our clients, and to cater to the individual needs of our customers.

The Company has engaged in exquisite detailed projects with the highest standards by employing creativity, high quality and sensitivity. We thrive on creative and innovative designs with the use of high quality building materials. We consider this approach to be of utmost importance, as opposed to adopting a prescribed style and response. Our ultimate aim is for each project to reflect an informed and original interpretation of the client's taste blended with international standards.

Our goal is to deliver the best possible environment for your Home & Organization.

An environment that:

- Satisfies all your practical requirements
- Reflects on the personality and brand values of your organization
- Inspires individuals and enhances their well-being
- Encourages efficiency and productivity, and promotes success

We work with the best professional architects, designers and advisors to offer our clients the best level of creative & innovative services, with the added benefit of a company that takes full responsibility to deliver the total project with the very best of solutions.

We work hard to achieve quality, creativity & innovation at affordable prices for our customers through optimizing our entire value chain, by building long-term supplier relationships, investing in high quality production, and working with the best designers and advisors.

We want to create a better space for all people impacted by our business, and towards achieving this.,
